We would like to gratefully acknowledge a recent generous donation from the Foundation for Sport and the Arts. This has enabled us to renew our percussion instruments and music-stands.

The Society also acknowledges with thanks the help given by the Rev. H. Swindells and the Elders of Christ Church in allowing us to hold our concerts here this season.

The collection at our last concert raised £122 for the Spina Bifida Association. The collection after this concert will be divided equally between Christ Church and Hoylake Cottage Hospital.

Didn't play in this concert as hadn't been to rehearsals.
